

THE SINNISSIPPI GOLF CLUB IS REPRESENTED IN SEMI-FINALS

H. H. McKinney the Only One of the Local Golfers Not Defeated in the Second Round of Match Play for the Championship Cup.

STATE GOLF CONTEST GETS EXCITING

H. S. McGiffin and Charles Schaller Still Represent the Local Club in the Contest for Consolation Cup-- Finals in Both Contests Tomorrow.

Today was an ideal one for the golfers that assembled at the Sinnissippi club grounds to witness the second days' matches for the Wisconsin Championship and Consolation events.

A fine breeze sprung up about eight o'clock and made life bearable for golfers that were making the round of the course and the ladies that assembled on the porch of the club house.

Guests From Out of the City A large number of guests were present from out of the city among them being Mr. and Mrs. William Leftrich, St. Louis, Mo., Mrs. Austin, Austin, Ill., Mrs. Harlan Cook, Chicago; Miss Van Weise, Chicago; and Miss Fannie Woodard, Clinton. The above are all stopping at Highland Park, Delavan, for the summer. Janesville was represented by Misses Wilcox, Schicker, Valentine and F. field and Mesdames Carter, Fifeid, Schaller, Jackson, Baker, Doty, S. B. Smith, Marquise and Holmes.

THE SINNISSIPPI GOLF CLUB HOUSE

Results of Second Round Match Play The second round match play for the Championship cup resulted as follows:

Hamilton Vose, of Milwaukee, defeated Charles Dunn, of this city, five up and three to play. J. S. DeMoss of Green Lake, defeated O. Sutherland, of this city, three up and two to play. H. H. McKinney, of this city, defeated Chester Barnes, of Kenosha, three up and two to play. C. C. Allen, of Kenosha, defeated F. P. Baker, of this city, four up and three to play.

Janesville Represented in Semi-Finals This leaves four clubs still represented in the semi-finals, they being Milwaukee Country club, Tusculum Golf club, Green Lake, Kenosha Country club and Sinnissippi Golf club. The drawing for partners for the semi-finals resulted as follows: H. Vose and H. H. McKinney, C. C. Allen and J. S. DeMoss.

Results of Consolation Play The play in the second round match play for the consolation cup resulted as follows: G. A. Yule of Kenosha, defeated Victor Marquise, of this city, five up and four to play. Charles Schaller and Colin C. MacLean, both of this city, played a tie at eighteen holes. Schaller won the nineteenth hole and the match.

F. Jacobs of Madison defeated F. E. Fifeid of this city, one up. H. S. McGiffin defeated F. S. Sheldon, two up and one to play. The drawing for the semi-finals in the consolation event resulted as follows: Jacobs against Yule and Chas. Schaller against H. S. McGiffin.

In the semi-finals this afternoon Vose defeated McKinney five up, four to play. DeMoss and Allen tied on eighteen holes and De Moss made the nineteenth hole in three strokes, winning.

Echoes From Yesterday's Play Yesterday's tournament was an unqualified success. During the entire day a large crowd of spectators assembled at the club house and watched the finish in every event.

The day was a perfect one for golf playing. The hot sun was tempered with a good breeze which kept the temperature down so that none of the players suffered any discomfort. The opening round brought out thirty-six players for the championship and consolation rounds. Every man that started put up a game that they could well be proud of, the scores running from 87 to 112 for the eighteen holes.

Match Play in the Afternoon Those who qualified for the championship and consolation events, played the first round of match play in the afternoon starting at two o'clock. The afternoon play resulted as follows:

For the championship cup—O. Sutherland, 94, beat W. H. Yule, 90, one up nineteen holes; Chester Allen 87, beat J. P. Baker, 98, one up; J. S. DeMoss, 91, beat H. G. Carter, 91, four up and three to play; F. J. Baker, 97, beat F. Pettit, 87, two up; Chester Barnes, 93, beat F. L. Roach, 95, three up and one to play; H. H. McKinney, 90, beat J. Walker Ross, 93, two up and one to play; Charles Dunn, 94 beat Albert Schaller, 99, two up and one to play; Hamilton

Vose, 88, beat Leo Brownell, 97, three up and two to play. In the consolation event for the second sixteen—G. A. Yule, 101, beat F. H. Jackman, 103, three up and one to play; F. S. Sheldon, 108, beat J. E. Ryan, 100, six up and four to play; Frank Jacobs, 101, beat F. C. Grant, 108, five up and four to play; Victor Marquise, 104, beat S. D. Tallman, 103, four up and three to play; Charles Schaller, 105, beat J. Stevens Jr., 106, one up; F. E. Fifeid, 101, beat Charles Achterberg, 106, one up in fifteen holes; Colin C. MacLean, 99, beat Chester Brewer, 108, three up and two to play; H. S. McGiffin, 98, beat George Baumann, 110, four up and two to play.

Allen Wins Best Score Cup Immediately after the conclusion of these matches, Chester Allen and Fred Pettit, of Kenosha, who tied on 87 for the cup given for the best score in the qualifying round, decided to play off the tie at nine holes medal play.

This match attracted a good deal of attention and was followed by a large gallery of spectators. Allen finally won the match by a score of 44 to 49, and the handsome cup goes to the Kenosha Country club.

Partners for Second Round Drawn The drawings for partners in the second round match play for the state championship cup resulted as follows:

F. J. Baker will play against C. C. Allen, Hamilton Vose against Chas. Dunn, O. Sutherland against J. S. DeMoss and H. H. McKinney against Chester Barnes.

been present that the scores would have been much lower.

"The surprise of the tournament was the defeat of the Janesville crack, Albert Schaller, in the first round by Charles Dunn, another Sinnissippi golfer. Schaller is a player of national reputation and has been in the amateur championship for the past three years. In the open tournament at Milwaukee last year Schaller defeated the young Onwentsia expert, Walter Eagen, in the finals, and later on in the Western championship gave Wm. Waller the toughest tussle of the meeting, only succumbing to the Western title holder after twenty holes.

"Under ordinary conditions the Sinnissippi links holds its own with the best in the West, but the long drought and continued heat have burned the grass to a crisp. However the lies were surprisingly good and a ball was rarely cupped. The putting greens, which are really "browns" are fast but true, and taken all in all, the advantage, as run-up approaches are encouraged at nearly all the holes, no bunkers guarding the greens.

"The tournament was a social affair and Janesville's fairest daughters took charge of the functions at the club house and made the visitors quite at home, not even hesitating to dance at night, notwithstanding the intense heat. Among the society folk who gave dinner parties were: Mmes. C. S. Putnam, W. H. Judd, J. J. Hall, M. A. Doty, W. H. Greenman, E. P. Doty, W. A. Jackson, D. W. Holmes, A. Mayhew, and the Misses Mae L. Valentine, Louise Crosby, Mae Bostwick, Alice Ruger, Josephine Carle and Marcia Jackman. There were over 200 visitors and guests at the clubhouse this evening, and fun galore was provided by the entertainment committee.

BADGER BUTTER IS FIRST IN QUALITY

Wisconsin Product Ranks Above All Others Exhibited at the Buffalo Exposition.

Buffalo, N. Y. July 19.—The score of the July test in the butter and cheese competition in the dairy exhibit has been made, but not yet given to the public. It is known, however, that Wisconsin is coming out of it with flying colors so far as butter is concerned, no information being at hand respecting the result of the tests of cheese.

Wisconsin exhibit of butter consists only of the tub variety, no fancy butters, while most of the Eastern states, and some others, have fancy brands in the competition, notwithstanding which Wisconsin will stand in the score to be given out next week at the very top of the average of butter. New Hampshire, in the score on a collection of fancy grades of butter, secured but 2-100 better than Wisconsin's tubs and all of the other states are below.

A large number of Wisconsin butter makers were prevented from getting their product into competition by the hot weather which prevailed in the state about July 1, just as shipments were about to be made, the dealers fearing that the long journey and the hot weather would spoil the butter.

Today, 1,000 pounds of Wisconsin butter was sold at a price 1/2 of a cent above the Elgin price list, which is the best price received for butter, so far at this exposition.

STEALS TWO CENT POSTAGE STAMPS

Harry Mott of Beloit, Is Arrested for Embezzling 10,000 Stamps From Belvidere Office.

Beloit, Wis., July 19.—Harry E. Mott, who for sometime was employed as mail clerk at the post office in this city and was suspended from the postoffice service in June last, was taken into custody at six o'clock last night by United States Marshall Fugh.

Mott was taken to Madison last night to answer before the United States Commissioner W. D. McCune, of that city, on the charge of embezzling 10,000 two-cent stamps from the postoffice at Belvidere, Ill. The charge was preferred by Postmaster P. M. Keeler, of Belvidere. A preliminary examination was held before the commissioner at Madison at 8:30 this morning and Mott was held in bail for \$1,000 to appear for trial in September. L. F. Rosenthal, of the Beloit postoffice, was summoned as a witness. Mott did not get bail.

MILK TAKES A JUMP OWING TO DROUGHT

Extreme Drought Causes Madison Milkmen to Raise the Price of Lactal Fluid One Cent.

Madison, Wis., July 19.—[Special]—The milkmen of the city decided at a meeting yesterday afternoon to raise the price of milk from five to six cents a quart, on account of the drought, which has ruined the pastures and cut down the supply, the milkmen claim, to nearly 50 per cent.

JUDGE SALE FINDS FOR CITY

His Verdict Sustained Injunction Against Railway Company

County Judge John W. Sale, who heard the matter of the injunction of the city of Janesville against the Chicago, Milwaukee & St. Paul railway company, has given a decision in favor of the city. The railroad company have the liberty to appeal and have the injunction dissolved if they so desire.

STEEL STRIKERS STILL TRIUMPH

Ranks are Being Swelled By Employees in Non-Union Mills

BENO ARBITRATION

Schaffer Says Strike Will Not End Until One Side or Other Backs Down.

BIG MEETINGS HELD

Pittsburg, Pa., July 19.—A desperate attempt is being made to start the Wellsville mills, now idle by reason of the Amalgamated strike. A number of sheet workers left here this morning and efforts are being made to employ more. Outside of this development the strike situation is practically unchanged today. The men at the Duncansville mill may go out today. If they do the steel hoop branch of the trust will not have a mill at work. There has been no attempt on the part of the manufacturers to have a conference with the strike leaders.

President Schaffer said this morning that it is possible that he would have to declare a general strike ordering out the men in the national and federal steel mills.

Strikers Make Large Gains

Pittsburg, Pa., July 19.—Most important of all news regarding the steel workers' strike that has reached Pittsburg was that regarding the action of the men employed in the Duncansville plant of the American Steel Hoop company. A telegram was received by President Schaffer from the men yesterday morning asking if they should strike. The message was a surprise to the Amalgamated people, as they were not looking for this easy conquest of the plant. President Schaffer answered telling the men not to come out unless they were organized. If organized, they should strike, for they were needed. In the afternoon a telegram was received from Duncansville asking that an organizer be sent to them at once. In compliance with this request Vice President John Pierce started for Duncansville last evening to complete the organization. The Duncansville plant is the last of the hoop plants to remain at work, and the amalgamated officials say if they are successful in closing this plant they will be masters of the situation as far as the Steel Hoop company is concerned, at least.

No report has been received yet from the organizers who went to Vandergrift to do missionary work at the big plant at that point. It may be several days before definite results will follow.

Not Question of Arbitration

The action of the Ohio board of arbitration in offering to bring about a settlement of the strike created some talk today in steel circles. M. M. Garland, former president of the Amalgamated association, and at present collector of the port, said that he did not consider the action of the Ohio board as unusual, but rather the carrying out of its duties as such a body. It is the duty of that board to offer its services whenever a labor trouble starts that affects the industries of that state. In view of this fact Garland could not see where the strike was more liable to settlement now than before.

"I cannot see what there is in this question to arbitrate," he said. "The question cannot be settled except by the complete breakdown of one side or the other on a matter of principle."

Situation Remains Unchanged

The situation throughout this district remains practically unchanged. In the immediate vicinity of Pittsburg the evident intention of the company to attempt the reopening of the Dewees Wood plant at McKeesport is the only incident so far calculated to cause uneasiness. The notices posted today were placed with the expectation of securing the early return to town of many of the workers who have gone on fishing and other vacation trips. The men claim to be confident that enough men cannot be secured to operate the mill, and say that no opposition will be made to any who may wish to go in. The police authorities, however, have taken every precaution, and feel prepared to cope with any trouble that may arise.

The present center of the trouble seems to be at Wellsville, Ohio, where a public mass meeting was held this afternoon for the purpose of presenting both sides of the controversy to the men and citizens generally. The entire district contributed attendants at the meeting, and a number of speeches were made, the principal one being that of President Schaffer of the Amalgamated association. Another meeting will be held tomorrow.

ASKS A RECEIVER FOR CHILTON BANK

Wisconsin State Bank Examiner Reports That Liabilities Exceed Assets.

Oshkosh, Wis., July 19.—Acting under a new law, Attorney General Hicks today made application before Judge Burnell for the appointment of a receiver for the German Exchange bank of Chilton. The application was made on a report by State Bank Examiner Kidd that the

institution's liabilities are \$600,000 while the net assets will not exceed \$400,000.

The bank is a private concern and is owned by Theodore and Henry Kersten. The capital stock is only \$50,000, but the deposits, most of them on certificates amount to \$620,000. The money belongs mostly to farmers and laboring people.

Inducious loans are alleged. The worst one, it is stated, is that of \$360,000 to H. Zech & Co., who have a lumbering plant at Crivitz and also own some 20,000 acres of land which they are colonizing with Poles. The security for this loan Bank Examiner Kidd deems insufficient.

Formerly all the state bank examiner could do when he thought a bank was in a bad way was to advise the officials to have a care. Now, under a law passed by the last legislature, it is his duty to inform the attorney general of the fact, and the latter's to apply for a receiver. The application for a receiver will be heard Saturday. Meanwhile the bank examiner remains in possession.

MADE HAPPY AT MARRIAGE ALTAR

Miss Etta May Mosher and Charles H. Hayner Made Husband and Wife Yesterday.

There was a quiet wedding at Court Street M. E. church parsonage yesterday afternoon at four o'clock, when without ostentation, but with a deep and abiding happiness, Miss Etta May Mosher of the town of Harmony, and Charles H. Hayner, of the town of Janesville, entered into life's most solemn compact to share its joys and sorrows until the coming of death.

Rev. W. A. Hall performed the impressive ceremony, the only witnesses being the young people who attended the bridal couple. The attendants were Miss Ella A. Bidwell, friend of the bride and John B. Mosher, the bride's brother.

The bride is the daughter of George M. Mosher, who resides on the Ruger avenue road in the town of Harmony. She is a popular young lady and has a large circle of friends in this city where she is well known. The groom is a son of Mr. and Mrs. Marvin Hayner of the town of Janesville, and is a prosperous young farmer whose exemplary character has won for him the esteem of all who know him. The newly married couple will reside for the present at the home of the groom's parents, who are absent on an extended visit in California.

FRED KAYLOR HAS HIS FOOT CRUSHED

Member Had to Be Amputated—Accident Occurs at Walla Walla, Washington—Cause Unknown.

Henry Kaylor, of No. 6 Vista avenue, received a telegram last night stating that his son, Fred Kaylor had met with a serious accident at Walla Walla, Washington, where he was employed and that one of his feet was so badly crushed as to make amputation necessary.

The young man is twenty-one years of age and left Janesville a year ago. After spending some time at Dixon, Ill., he went to Walla Walla and secured work in a machine shop. No particulars of how the accident occurred have been received. Mr. Kaylor is unmarried and was employed at one time at Woodruff's buckle factory.

WILL INSPECT THE MILITIA IN CAMP

Adjutant General Boardman Issues an Order to Wisconsin Military Companies Today.

Madison, Wis., July 19.—[Special]—The Wisconsin National Guard is to be inspected in camp instead of at the home armory of each company this year under orders issued today by Adjutant General Boardman. The inspection will be conducted by Capt. Edward Shynoweth, U. S. A., and the morning inspection and the entire markings will be on Sunday morning's inspection and the entire week's work in camp. Major C. R. Williams will make the property inspection at the armories later.

Ends Life in the Midway

Buffalo, N. Y., July 19.—While the Midway gayety was at its height at 9 o'clock last night a penniless Mexican, desperate in love and in fortune, shot himself in the Streets of Mexico, after attempting to shoot H. W. McGarvie, the owner of the concession. The suicide was Ernesto Z. Gomez, 24 years old, a resident of the City of Mexico. He claimed to be a grandson of the Cuban patriot, General Maximio Gomez.

MEN OF CHICAGO EXCEL MARCONI

The Inventors Combine to Make Wireless Telegraphy Practical.

TEST IS A SUCCESS

New Apparatus a Great Improvement On Original Invention.

WILL INCREASE SPEED

Chicago, Ill., July 19.—A new system of wireless telegraphy, said to overcome many of the points of difficulty in the present system, has been invented by three Chicago students of electricity.

The problems of increased speed, in point of words per minute, greater distance of transmission, and, most important of all, the operating of several instruments in the same territory, are said by the inventors to be practically solved.

The three collaborators in perfecting the system, who for nearly two years have been working on different parts of the apparatus are Professor Clarence E. Freeman of Armour Institute, Dr. L. DeForest, lately of Harvard, and Edwin H. Smythe of the Western Electric company. Secret tests have been carried on since early in the summer, and the results have been so satisfactory that a public exhibition will be given.

Succeeded in Trying Test

A most satisfactory test was given some days ago from the top of the Lakota hotel to the tower on Armour Institute. The test, the inventors say, was given under the most trying conditions, with a broken field along the route of transmission and a metal roof directly under the upright at the sending station. Although the distance was only seven blocks, there was much metal to attract currents. The messages came sharp and clear into the receiving station.

The inventors claim that their system gains over the Marconi method at both sending and receiving stations. The sender which is worked out from a theory evolved by Professor Freeman, makes no use of the induction coil, which has heretofore been considered an indispensable part of the system. In its place is a condenser which, beside being less bulky than the sending cabinet with the induction coil, liberates energy with greater speed.

No Limit to Speed

The receiver, which is the joint invention of Dr. De Forest and Mr. Smythe, aims to receive signals from the sending station as fast as the operator can work the key. Heretofore fifteen or twenty words a minute has been the best speed attainable by wireless telegraphy, and the inventors say practical results seldom show more than ten words a minute on an average.

In former inventions the tube of metal filings which was affected with the electric waves and recorded the signal had to be tapped mechanically to place the apparatus in readiness to receive another signal. The inventors say that electrolysis now does the work that the mechanical blow once accomplished, and that thereby much time is saved.

Shorter Uprights Possible

The system of sending telegraph messages without wires, which is now employed between Cunard steamers and the mainland when at no great distance from the shore, necessitates the erection of high upright poles where the metal sheets are placed to assist in sound transmission. The trial the Chicago men's invention received at the Lakota hotel has led the inventors to believe that the high uprights may soon be replaced by shorter ones.

EPWORTH LEAGUE PRAYS AT SUNRISE

Delegates in San Francisco Begin Second Day of Convention Bright and Early.

San Francisco, July 19.—The second day of the Epworth League convention opened with sunrise prayer at four churches, and at nine regular meetings held in Mechanics' Pavilion and Alhambra theatre. Twentieth century topics were discussed. Business meetings will be held at noon, "Forward Movement" meetings this afternoon and missionary mass meetings tonight.

NEGRO FACES A LYNCHING.

Henry Alexander Kills Two Men in Virginia and Is Pursued.

Dingess, W. Va., July 19.—Henry Alexander, a negro, shot and killed Phillip Bennet and Benjamin Carter. The negro was drunk and when he demanded change for a quarter from Bennet the money was taken and thrown into the street. This so angered the negro that he opened fire, killing both Bennet and Carter instantly. Carter fired one shot at the negro before he was killed, but a posse with bloodhounds captured him a few miles south of here. He made a desperate resistance. He is being taken through the mountains to the county jail at Williamsport to avert lynching.

## County Gossip

### MILTON.

Milton, July 19.—The reception to Dr. Palmberg and the Congregational and M. E. Missionary societies Wednesday afternoon, by the ladies of the S. D. B. church, was a pleasant event despite the heat. After congregational singing and an invocation by Mrs. Platts, the following program was presented. Vocal solo, Mrs. L. Kumlien; paper, Mrs. R. Richardson; of the M. E. society; vocal solo, Mrs. J. C. Anderson; paper, Mrs. M. J. Plumb of the Congregational society; informal talk by Dr. Palmberg, and an exhibition of Chinese costumes and curios, followed by a rendition of "Blest be the Tie That Binds," in Chinese, by the doctor. A lunch was served and an enjoyable social hour spent by the hundred or more ladies present.

This locality was refreshed Wednesday afternoon with a ten minute shower of hail and rain, the first in a month.

The total rainfall here from Jan. 1, to July 1, 1901, was only 10.74 inches, only half the normal amount. In April, the month of showers, only half an inch fell.

Mrs. Dr. Schmitz and Miss Leona Davidson left Wednesday morning for Green Bay where they will take passage on the steamer Russia of the Lackawanna and Green Bay line for Buffalo and will return by the same route.

Miss Libbie A. Steer, of Briggsville, Mass., is in town to spend a few weeks with relatives and friends. This is her first visit in seven years and she finds some changes.

Mrs. John W. Hudson, of Madison, and Mrs. John Hicks, of Clarksville, Iowa, are visiting Milton relatives.

Visiting brothers from Ohio, Missouri and Iowa were in attendance at the last meeting of Du Lac lodge I. O. O. F., at which time the officers for the present term were installed by lodge deputy O. E. Orcutt.

Miss Inez Wilbur, who has been spending several months at Orange, California, returned this week.

Prof. Edwin Shaw has been at Albion this week in the interests of Milton college. He will visit Watworth next week on a similar mission.

Mrs. E. T. Platts has returned from Rockford, Ill.

Mrs. George Bacon was prostrated by the heat at the funeral of Mr. Tess, Tuesday, and did not recover sufficiently to be taken home that evening.

Miss Stella G. Partridge, with the Joliet Steel Co., is visiting Milton relatives.

The reception for Dr. Palmberg, not Palmorg, was held at the church parlors, not "church doors."

The ice cream social at the Epworth League Wednesday evening was a success.

The bedbug fakir got in his work here Wednesday. He sold a powder composed of salt, pennyroyal and lavender in small quantity for fifteen cents to the good housewives of Milton and got out of town.

Mrs. Webster and daughters and Ezra Davis of Omro, are here to look after Jeddiah Davis who is ill and not likely to recover.

Born to Mr. and Mrs. Geo. S. Davy, July 15, 1901, a son.

### EMERALD GROVE.

Emerald Grove, July 19.—Mr. and Mrs. Will McNeer returned to their home in Kansas last Friday.

W. F. Goodrich has started for Buffalo, N. Y., where he will spend some time, and from there he intends to go to California, and Cottonwood Falls, Kansas.

Sherman Herbert of Beloit spent Sunday with his parents, Rev. and Mrs. Herbert.

The rain and hail storm Wednesday did considerable damage to the corn and tobacco. A cow belonging to Sever Larson and a horse belonging to Charles Kemp were killed by lightning.

W. J. Jones is having a kitchen and dining room built onto his house.

Edna Wright is attending the teachers' institute at Janesville.

Mrs. F. H. Wetmore and daughters, Flora and Ruth, have been visiting in Janesville, but left for Geneva Lake Wednesday.

Priscilla Fitch is making a two weeks' visit with relatives and friends at Jefferson, Wis.

The Y. P. S. C. E. will have a meeting next Sunday evening. Everyone please come and help make the meeting interesting and helpful.

Mrs. Johnson, of Fort Atkinson, is visiting her mother, Mrs. Wm. Lester, and sister, Mrs. C. D. Fitch.

The old saying is that a miss is as good as a mile, but we believe that D. E. Jones would rather have been a mile away Wednesday afternoon when the lightning struck and burned a shock of grain which he had left but half a minute before.

Why do people say that Emerald Grove is a dull town when two of our prominent business men have bought a whole block?

### HANOVER.

Hanover, July 19.—Prof. Hemming-

way is spending a few days at Oregon, Wis.

The school board have decided on a plan for the new school house.

There is a move on foot for the Sunday School, band and a public library for the town, to buy the old school house.

Mr. Ehringer, when last heard of, was enjoying the scenery around Colorado Springs and Pike's Peak. Saturday night there will be a sociable by the Woodmen at which the Hanover band will play, and a dance by the Fin de Siecle dancing club at the hall.

### SHOPIERE.

Shopiere, July 19.—A heavy rain visited this place Wednesday afternoon about five o'clock, accompanied by hail, but the hail did but little damage.

Sefert, of Janesville, has the contract for building the big barn on the Rudolph farm. The basement is about completed and it will be one of the finest in Wisconsin. Mr. Sefert will commence the carpenter work on Monday next with twelve men.

B. H. Sweet and Sam Capron will spend a couple of weeks at Delavan soon.

We learn that the hail did some damage to the corn and grain that was not cut on the Truesdell and Rube Roth farms.

George Volkstater and wife of Belvidere, Ill., are visiting his mother and other relatives in this place.

Charles Bell sold his farm Monday to a man from Watertown.

The Modern Woodmen will hold a special meeting on Monday evening, July 22.

Mrs. Manion of Milwaukee visited A. L. Parker's family at Beloit. Cora, her daughter, is spending a few days with Miss Perkins at the post office.

### JOHNSTOWN CENTER.

Johnstown Center, July 19.—The R. N. A. sociable was a success, a large crowd doing ample justice to the ice cream and cake.

Ed. Webber is rejoicing over a drilled well.

Lee Hall was quite badly hurt on a hay rake.

Rain is what we need and is what will make corn and potatoes. Without it the crops will be slim.

S. Morgan of Janesville, was seen in the burg Wednesday.

George Peabody of Janesville, spent a few days with his sister, Mrs. O. B. Hall.

The hum of the binder is heard in the town. Next will be the threshing machine.

Mrs. Mate Waters and children spent Sunday at home.

W. S. Pember has his cottage at Delavan completed and will occupy it next week.

Lizzie McCouen is spending a week at home.

Frank Randall and Julia Pember spent last Thursday at Delavan Lake and report a fine time.

G. M. Chandler is spending the week at Richmond, plying the carpenter tools.

### FAIRFIELD.

Fairfield, July 19.—Sizzling hot!

Mrs. Fannie Blanchard and daughter, Grace, of Delavan, are visiting Fairfield relatives.

Ethel Palmer is the latest victim of the measles.

A large crowd was in attendance at the M. W. A. social Saturday eve.

Rev. B. T. White and family, of Sun Prairie, Wis., have been spending the week with former parishioners at Allen Grove and Fairfield.

Last Friday, Curtis, son of Murry Wheeler, of Darien, was severely kicked by a horse which he was driving on a hay fork at J. T. Cutler's barn. The boy was moved to his home Saturday and is resting comfortably at the present writing.

Quite an interest is manifested in the Delavan Lake Assembly, which promises a delightful and profitable outing for all who will avail themselves of its privileges. Many of our citizens are anticipating its sessions with pleasure. The harvest will be nearly finished and the farmers will be at liberty to attend for a few days at least.

There will be a dancing party at the La Prairie hall next Thursday evening, July 25. All are invited to attend.

### ROCK PRAIRIE.

Rock Prairie, July 19.—The intense heat and dry weather is doing much damage to the crops, especially tobacco.

Mr. and Mrs. Morse and niece, of Beloit, visited at I. D. Crosby's the first of the week.

Mrs. Sarah Guernsey and family visited Fairfield friends one day this week.

Mr. and Mrs. Myron Clark attended the funeral of Mrs. E. King of Whitewater on Tuesday last.

A number of our young people attended the Sunday school picnic at Geneva Wednesday.

### LEYDEN.

Leyden, July 19.—The weather remains as dry as ever, but the wind is light today, shifting from northwest to southwest. It has blown from the northwest for the past two days.

Considerable damage is being done by fires in this locality, it being almost impossible to stop a fire when once started.

The tobacco crop is being made less and poorer every day by the drought.

Mrs. Fish is failing in health. She is an old resident of Leyden.

Walter Little fell from a load of ground feed yesterday and was badly injured.

### EMERALD GROVE.

Emerald Grove, July 19.—During the storm last evening Mr. Charles Kemp lost a valuable horse by lightning. He was standing in the stall with his mate when the bolt struck.

The mate was struck, but will live.

A welcome shower came last evening. It is reported that five-eighths of an inch of water fell. Hail came in the midst of the storm but there was not the force that is seen in some storms and there is not the damage that often follows such a storm.

A Young People's meeting was led by Mrs. S. H. Herbert of Beloit, last Sunday evening in the church. The attendance was good and it was decided to hold another next Sunday evening. Miss J. D. MacArthur will be the leader. Let all come and bring bibles.

Mr. Grenfell has gone to take up work in Byron, Ill. His family leave today. He is followed in the office of agent at Avalon by Mr. Voht of Chicago.

Small grain is nearly all harvested, hastened by the extreme drought. The yield is variously estimated. An average will be a little more than half a crop. Corn is looking well, but has stood about all the excessive heat that could be borne and not be damaged. With frequent rains from now on there will be an average crop.

W. F. Goodrich left for a visit to New York state and the Pan-American exposition on Tuesday. He will stop here on his way west some time later in the fall. He disposed of his property to Messrs. P. Kemp and Mark Knallands.

Miss Lena Kregg is spending a few weeks at home.

### IN HONOR OF OLD RESIDENT.

Beloit Names a Street for Patrick Clarke, First Resident of the City.

The longest street in South Beloit has been christened Clarke avenue, in honor of Patrick Clarke the first resident. Mr. Clarke is the father of Alderman John C. Clarke and of James H. Clarke, of that city, and has lived just over the state line since 1852.

He was employed on the surveying force that put through the Chicago & Northwestern road in 1852, and for thirty-two years section foreman on the Racine and Southwestern, never losing a day's time. Clarke avenue is a block south of the main street of South Beloit and is a mile long, running from Rockton to the Roscoe road.

### RAILWAY BAGGAGE MEN MEET.

Employees of the St. Paul Road Will Assemble in Milwaukee Sunday.

It is rumored that at the meeting of the Chicago, Milwaukee & St. Paul Baggage Men's Mutual Benefit association in Milwaukee Sunday, President J. A. Dickey will decline reelection. Secretary Ashard will undoubtedly be re-elected unanimously. The meeting is called for Saturday evening so that the call shall date on a legal day but as many of the delegates and members cannot be on hand Saturday, the meeting will be called to order and adjourned until Sunday morning. About 200 baggage men from the whole system are expected to attend.

## WELCOMED TO THE COAST

Epworth League in Session with 20,000 Attending.

## GREETED BY DIGNITARIES.

International Convention Fills the Monster Pavilion at San Francisco and Overflows Into Two Other Halls—McKinley Wishes for Future Success.

San Francisco, July 19.—Fully 20,000 delegates participated in the opening sessions of the fifth international Epworth League convention. The great auditorium of the Mechanics' Pavilion, which accommodates 15,000 persons, was packed, and overflow meetings were held in the Alhambra Theater and Metropolitan Temple, each of which holds 2,500 persons. The main convention was called to order by Rev. Thomas E. Follen of Pacific Grove, who presided. Robert Hubbard led a song service, after which prayer was offered by Rev. Judson S. Hill of Morristown, Tenn. Governor Gage welcomed the leaguers on behalf of the state, and the city's welcome was extended by Mayor Phelan. Welcoming addresses were also delivered by Rev. Bishop John W. Hamilton and Rev. J. C. Simmons of California. The responses were made by Bishop I. W. Joyce of Minneapolis, Rev. Dr. H. M. Dabuse of Nashville, Tenn., and Rev. Dr. James Henderson of Toronto. Rev. R. A. Carter of Atlanta made the concluding address on behalf of the colored Methodist church.

Rev. Joseph F. Berry, general secretary, read a number of congratulatory messages from prominent men through the Union. President McKinley said:

"I have much pleasure in sending to the International Epworth League convention my hearty congratulations upon the good work the great body of Christian men and women which it represents has accomplished in the past and my earnest wish that even greater success will crown the future efforts of the league."

Vice President Roosevelt worded his message as follows:

"Heartiest greetings, and may good luck attend the Epworth League in its efforts for social and civic righteousness."

Other communications were from Governors McMillin of Tennessee, Shaw of Iowa, Durbine of Indiana, Yates of Illinois, Bliss of Michigan, Dockery of Missouri, Stanley of Kansas and Van Sant of Minnesota. All were received with cheers, those from McKinley and Roosevelt arousing the audience to much enthusiasm.

## Empire's Nose Broken.

Fort Wayne, Ind., July 19.—During the game with Dayton Empire McLaughlin called several strikes on First Baseman Jack Thornton that were very yellow. On the way to the dressing room they met and the player, who is a giant beside the umpire, hit McLaughlin full in the face, knocking him down and breaking his nose. McLaughlin will be out of the game for a few days and Thornton has been fined his salary and suspended without pay for the season.

## GOLD COMING FROM ALASKA.

This Year's Imports Expected to Show Considerable Increase.

New York, July 19.—The Journal of Commerce says: While it is impossible to estimate accurately the extent of the Alaskan gold imports this year it is believed they will exceed those of last year and that they will have a material influence on local bank reserves. William Gray, one of the agents here for the Canadian Bank of Commerce, which has a branch in Dawson, said yesterday that last year his bank received \$6,000,000 from Alaskans. A conservative estimate of last year's total receipts would be \$12,000,000. This year the receipts ought to be \$15,000,000 and perhaps more. "The whole Alaskan production will come to New York," said he. "Thus far we have received \$1,200,000 in treasury drafts against deposits of gold in Seattle and San Francisco. We have advances of \$800,000 more in transit, and I personally know of over \$1,000,000 more which will soon come to us. The other Canadian banks represented here will also bring in Alaskan gold."

## CONVICTS CUT OFF FINGERS.

Prisoners in Michigan Penitentiary Seek to Escape Work.

Detroit, Mich., July 19.—A convict recently discharged from the state prison at Jackson tells a story of self-torture to escape work of which he was cognizant. Two prisoners who were unable to do the work demanded of them, and fearing a flogging, attempted to cut off the fingers of their left hand. One man named Bishop, succeeded in severing one of his fingers, and the other, a negro, had taken off two when a stop was put to their operations. The men supposed that by mutilating themselves they would be taken from work, but Bishop was re-assigned to his duties after being flogged twice, and the colored man is in the hospital. The ex-convict states that during the last four months a man has been crippled by flogging. Warden Chamberlain admits the self-mutilation of the men, but denies the flogging.

## WHIPS A GIRL IN COURT.

Kansas City Justice Authorizes Punishment for Minor Offense.

Kansas City, Mo., July 19.—For the first time since his "whipping post" has been established Justice Walls had a girl whipped in his court. Before this the lash has been used on boys only. A number of them have been whipped for minor offenses, principally theft. Even this morning the judge was unwilling to punish a girl in this manner, and it took a good deal of pleading to convince him that such a course was a good one. The girl's mother and her lawyer both asked to have the girl whipped rather than sent to jail. Finally the judge yielded and the mother gave her child the best whipping she has had for some time. It was, however, so the mother stated, only a forerunner of what was to come. The girl is 12 years old and had stolen \$3.

## THE OBITUARY RECORD.

Arthur Orr.

Norristown, N. Y., July 19.—Arthur Orr, builder of the coining presses used for many years in the United States mints in Philadelphia, Carson City, San Francisco and New Orleans, is dead at his summer home here, aged 84 years. For many years he made a specialty of mint work, building nearly all the coining presses for the government, many of which are still in use. He also built coining and milling presses for the governments of Mexico, Peru and Chili.

## Plague on Shipboard.

Gibraltar, July 19.—The Orient liner Ormuz, Captain Coad, from Sydney, New South Wales, for London, which left Colombo, June 28, arrived off Gibraltar today with two cases of bubonic plague on board. She was refused admittance to the harbor and proceeded toward Plymouth.

## John G. Knecht.

## VISIT THE FOSBURG HOUSE

Jury Quickly Secured to Decide the Case.

## STATEMENT OF PROSECUTION.

District Attorney Hammond Accuses the Brother of the Crime—He Argues That the Jury Should Convict for Manslaughter, Not Murder.

Pittsfield, Mass., July 19.—With the jury impaneled and having been taken to the scene of the tragedy, the testimony of one witness concluded and that of another well under way, the government case against Robert S. Fosburg, the young man charged with shooting and killing his sister, May L. Fosburg, on Aug. 20, 1900, was fairly started at the close of the day's session. The evidence today was of a purely technical character and was confined exclusively to descriptions of the Fosburg house and contents and testimony by the medical examiner of this district. A jury was secured within thirty minutes from the time the first name on the panel was called. The defense challenged but one man. The state challenged two. District Attorney Hammond began the opening address for the government with the statement that the jurors should consider the charge as manslaughter, for the case did not have the elements which constitute murder. "If the girl was killed through angry carelessness on the part of her brother or during the excitement of a family quarrel he is guilty," said the lawyer. The government will show, he stated, that there were no intruders in the house that night. The night dress of Fosburg's wife was torn straight down the front and the hem was ripped. The furniture was broken and misplaced in two rooms. The casters on the older Mr. Fosburg's bed were broken. A lamp was overturned and a mirror and screen in the kitchen bedroom misplaced. The district attorney said that the defendant had told a different story daily and that he had shown nail holes for bullet holes. It would be shown that May Fosburg was shot by the 32-calibre center-fire revolver owned by the defendant and that the revolver was held less than one foot from her body, as her nightgown was burned and blackened with powder. During the noon recess the jury was given a view of the Fosburg house and grounds. Eighteen witnesses for the prosecution have been sworn.

## Severe Flood in Alaska.

Seattle, Wash., July 19.—The steamer Roanoke, which arrived from Nome today, brought particulars of a flood on Fish river, which occurred on June 15, causing a loss of \$50,000. The flood swept down Fish river, demolishing buildings, sweeping away stores and houses, and carrying general devastation in its wake. The damage was almost entirely confined to Council City, where every building but one, the Dauntless hotel, was destroyed. That was saved by a heavy log cabin, and although the cabin was demolished, it turned the ice and thus saved the Dauntless. The people are living in tents on the hills.

## Barring Negro from Office.

Montgomery, Ala., July 19.—"Shall the Negro Hold Office?" was the question discussed today in the constitutional convention. The discussion came up over section 17 of the legislative department report, which reads, "No person convicted of embezzlement of the public money, bribery, perjury, or other infamous crime shall be eligible to the legislature or capable of holding any office of trust in the state." Watts of Montgomery moved to amend by providing that no negro shall hold any office in the state.

# The Skin AN INDEX TO THE BLOOD

Millions of little glands or tubes connect the blood with the skin, and through these small drain pipes perspiration passes out, carrying with it the impurities that are thrown off by the blood. Should the pores of the skin be entirely closed for even a brief space of time, and the poisonous matter forced back into the circulation, instant death would result. In addition to the sweat glands, the skin is provided with certain others which pour out upon it an oily substance, keeping the skin pliable and soft and protecting it from heat and cold. The blood and skin are so closely related that whatever affects one seriously interferes with the functions of the other. Not only health, but life itself, depends upon perfect harmony between the blood and skin. When, therefore, the blood becomes poisoned from any cause, it quickly manifests itself upon the skin in the form of sores and ulcers, pimples and various eruptive diseases. By the character of the

of the skin. The treatment must begin with the blood, and the acid or other poisons antitoxin or neutralized. S. S. S. does this and purifies the circulation, builds up the blood and flushes the little glands or pores with pure, new blood, and restores healthy action to the skin. The use of cosmetics never yet brought health and beauty to a rough, red, pimply skin or sallow complexion. What is needed is rich, pure blood, such as S. S. S. makes. It not only relieves you of all disgusting blackheads, blotches and irritating, itching eruptions, but improves your general health. S. S. S. contains no mercury, potash, arsenic or other mineral, but is a purely vegetable remedy and the safest and best in all blood and skin troubles. Write our physicians for advice or information; they have made a study of blood and skin diseases, and you can have the best medical advice without cost. Book on Blood and Skin Diseases free.

**WISCONSIN WEATHER FORECAST**  
Generally fair tonight and Saturday.

The police force was first organized, the feature of the officers uniforms was a

leather helmet. Hence, the policemen were dubbed "Leatherheads." Later the helmet was discarded, and the distinguishing feature became the copper stars that the officers wore. Hence, the policemen were dubbed "Coppers," and the name has stuck to the officers ever since, sometimes being abbreviated to "cop."

New York should not have the exclusive right, however, in such cases. Here in Janesville, for instance, there is one predominating style. For many years—so long that the memory of the oldest inhabitant runneth not to the contrary—the police uniform has consisted solely of a strong, heavy hickory cane, or bludgeon. To what name, therefore, are the three Janesville policemen entitled? Shall we call them hics, hickories, korys, hickys, caners, cans, bludgeons, bluds, or what? We are inclined to think that "hics" is the better name, and unless some reader can suggest a better one, we'll call 'em "hics."

We think an honor of this kind is well deserved, and the title certainly has a distinctive sound. "Chief of Hics Hogan" has a rather euphonious ring, doesn't it? And what could be more aristocratically musical than "Hic Brown," or "Hic Beneke?"

The modern reformer is usually a man of one idea. If prohibition is his hobby, he sees more

evil in the traffic of rum, than in all other evils combined. Governor La Follette is a reformer of the pure idea class. His ambition is, not to purify politics, that is only a flimsy pretext, but to create for himself a machine that will defy competition. He has a large, round head, but it isn't long enough to make the scheme a success.

There are a good many republicans in the state who do their own thinking. While they may be ready to adopt reform measures, where reforms are necessary they are slow to endorse theories that are founded on personal ambition, with nothing to commend them but the obstinate will of a demagogue.

The people enjoy being humbugged occasionally, but it requires an artist of the Barnum class to prevent the joke from becoming stale. The primary law racket is too gauzy to work a second time.

The "trained educator" idea that emanated from the fertile brain of the Board of Control, has not yet become epidemic. H. F. Bliss, late superintendent of the State School for Blind, has just declined a proposition for a similar position in another state at a \$2,000 salary. A great deal of wisdom will expire with the present board.

The performance of some of the automobiles in the Paris-Bordeaux road race seems almost incredible. Machines representing from thirty to seventy-seven horse power traveling over the country roads at the rate of seventy-five miles per hour, beating express trains by two hours.

Better than all the editorials or magazine articles, is the practical work being accomplished throughout the country by the "Good Roads Train." This outfit stops at various cities in the United States and gives practical demonstrations of converting the worst roads into macadam pavements of great durability.

The Massachusetts Institute of Technology has held an examination in London for those who wish to enter that institution next fall. It seems that we are not to confine our competition to commence in the future.

Men who want ten hours' pay for nine hours' work have not yet demanded that the banks give them credit for a dollar when they deposit ninety cents.

Willie Astor's renouncing the Stars and Stripes, is now offset by Dowie's renouncing the British flag; equilibrium having been restored, the world moves on.

The big feet of the Chicago girl have at last been explained. Prof. Starr says there are more people with six

toes in Chicago than in any other city in the world.

Why not elect the Italians aldermen? Then they could invoke the law to help them pull up the St. Paul track—and make the city pay the bill.

The official hic uniform is now a grey felt hat, a grey suit, and the conventional hickory—all of which goes to make the hic look chic.

Surely the influences that can gather 40,000 people to Cincinnati and 10,000 to San Francisco, are great enough to be felt if rightly used.

The St. Paul company would be pleased to lay tracks—and also to see certain aldermen "make tracks."

The aldermen set a poor example when they began this railway nagging. Even the Italian laborers are at it now.

Why call it Prospect avenue?—there's no prospect of anything doing up that way.

Speaking of "kid work," there's no kid like an old kid, you know.

**WATERMELON ROLLS ESCAPED**  
"I like the looks of this town," said the panama hatted man with the red shirt waist as he shifted a roll of bills as large as a soup bowl from one pocket to another. "I guess I'll locate here and open a business place."

"Glad to have you with us," said the business man. "We try to encourage people to locate here and make improvements."

"I want to find out about the city regulations, etc. Who shall I see?" "I'll introduce you, to Alderman Jamesby."

Alderman Jamesby took the stranger out for a ride and showed him the town, and it came to pass that the stranger decided to locate here starting some kind of a business, it matters not what. The next day he introduced his brother to Alderman Jamesby.

"Bill," he said, "has \$50,000 to invest in real estate. Can you help him?"

"What does he want?" said Jamesby, but not without some misgivings.

"To build two depots." "But Jamesby was throwing another purple faced fit, and heard no more. When he recovered he said—but no matter what, because he had no listeners. Two strangers, with rolls of bills as large or larger than fifty cent watermelons were racing madly for the railway station.

And they got away. And took their rolls with them. And we will never see them more.

**Sultan's Harem in a Flot.**

Constantinople, July 19.—Owing to the mystery and secrecy enshrouding all occurrences in the Yildiz palace, the real cause of the recent fire there has only now transpired. The fire was the result of an intrigue by the women of the harem against the woman treasurer of the harem, of whom they wished to be rid. At the instigation of the conspirators, a negro placed materials for a conflagration in a corridor of the palace and set them under conditions to excite suspicion upon the treasurer. The desired result was attained. The woman treasurer was not only dismissed, but she was imprisoned in the palace.

**Spanish Riot Is Serious.**

Saragossa, July 19.—Religious processions here have been prohibited until the subsidence of excitement incident to the encounters between Catholics and free-thinkers. Over 200 shots were fired in the course of the fighting yesterday. Of the forty-five persons wounded, twelve will probably die. Last night the demonstrators bombarded the convents of the city with stones, and fired the gates of the convent of Santa Inez.

**Philip Botha's Son Is Killed.**

London, July 19.—Lord Kitchener, commanding the British forces in South Africa, reports to the war office as follows: "Elandsfontein, July 18.—Captain Charles Botha, son of Philip Botha, and Field Cornets Humann and Oliver have been killed in the Orange River Colony."

**Hankow May Be Submerged.**

## America Leads in Turquoises.

This country is now producing the bulk of the world's supply of turquoises, which is the most important of American gems commercially, the output being mainly from New Mexico, where the deposits have been worked at irregular periods for centuries. Long before the time of Columbus the New Mexican mines were worked in a primitive way by the aborigines, and in these days the same stores of mineral treasure are yielding stones up to 60 carats in weight and of a quality equal to the finest Persian. Two companies are turning out more than \$200,000 worth of turquoises annually. Turquoise owes its beautiful blue to the presence of phosphate of copper. For reasons not well understood the color is not always permanent, and to this trouble the Egyptian stones are particularly liable. Persian turquoises frequently alter, but the New Mexican seldom.—Exchange.

## FLAMES DESTROY MANY BUILDINGS

PIERCE FIRE RAGES IN FIRST WARD THIS MORNING.

George H. Davey's Residence a Total Loss—E. C. Burdick's Residence Damaged—Also Geo. Warren's Property—Barns Burned on Chatham Street—\$3,000 Loss.

What proved to be one of the most disastrous fires Janesville has seen in some time occurred in the first ward this morning and a large number of buildings were destroyed by the flames.

At 9:40 o'clock an alarm was turned in from box 13, corner of Ravine and Pearl streets, calling the department to the premises of Sealer of Weights and Measures George H. Davey, at 109 Pearl street. The fire started in the barn on the premises of Mr. Davey and quickly communicated to the dwelling. By the time the department arrived both buildings were enveloped in flames.

Owing to the great amount of lumber and rubbish of many kinds lying around in great quantities, the fire had plenty to feed upon and the flames were so intense that the buildings on either side had a narrow escape from being destroyed.

E. C. Burdick resides at 111 Pearl street, directly north of the Davey residence. The south side of Mr. Burdick's house was badly scorched and the rear portion of that side will have to have a new siding. The house will also have to be newly painted. Mr. Burdick's loss will be between \$150 and \$200.

**Spectators Fear Explosion.**  
On the south side of Mr. Davey's place at 107 Pearl street, resides Geo. A. Warren, the oil dealer. His oil shed in the rear of the yard, was also destroyed by the flames. In the shed were six large tanks of kerosene and gasoline. This fact was the occasion of considerable alarm as it was feared it might explode.

Luckily the tops of the tanks opened just enough to let the oil catch fire and it set up a mighty blaze without exploding. Mr. Warren's house was scorched some. He is insured with Charles S. Cleland for \$1,800.

**Flames Spread to Other Buildings.**  
The fire then communicated to several barns and sheds at the rear of residences on Chatham street, directly back of the Burdick, Warren and Davey premises.

A barn and shed belonging to Mrs. J. H. Taylor, 110 Chatham street, was burned and two new stores ruined. The house was also burned in spots. It is insured with Hayner & Beers.

Some small wooden buildings on the premises of Mrs. Annie Erickson, 108 Chatham street, were destroyed. She is insured with Simon Strauss.

A barn on the premises of Mrs. Warren Helms, 112 Chatham street, was also destroyed. Mrs. Helms was badly frightened and nervously prostrated by the excitement caused by the fire.

Fences, outbuildings, chicken coops and line fences were destroyed and had a high wind prevailed the damage would have been more.

**Fire Discovered by Mrs. Burdick.**  
Mrs. E. C. Burdick was the first to see the fire. She happened to look out of the north window and saw the flames bursting from Mrs. Davey's barn. She ran out of the house with the cry of fire and a man on the opposite side of the street turned in the alarm.

**Origin of Fire Unknown.**  
There is no doubt but that the fire started in Mr. Davey's barn, but the cause is unknown. It spread very rapidly and the fire department had hard work to confine it as well as they did.

The "fire out" bell struck at 11:50 o'clock.

A great volume of water was thrown on the fire there being six leads of hose on the several buildings and even a lawn hose was pressed into service. Considerable of the furniture was removed from the Davey residence and the contents of the Taylor house were also removed.

Mr. Davey was not at home at the time of the fire being at work on a farm west of the city. Mrs. Davey was also away and no one was at home but the girls. They did not know there was a fire until notified by the neighbors and Mr. Davey was quite surprised when he reached home at noon to see that he was burned out.

The total loss is variously estimated at from \$2,500 to \$3,000.

## AT PERFECT REST IN DEATH'S SLEEP

Mrs. V. C. Mead Passed Peacefully Away at Her Home on Ravine Street Yesterday.

Death laid its icy hand upon Mrs. Sarah Mead, wife of Virgil C. Mead, 308 Ravine street, yesterday afternoon at half after four o'clock and peacefully she closed her eyes in eternal rest. She had long been a patient sufferer and welcomed with perfect resignation the summons to enter the haven of everlasting joy. Mrs. Mead was in the seventy-first year of her age and had been a resident of Janesville since 1856. She leaves, besides a husband, six children, three sons and three daughters, one son-in-law and two daughters-in-law and two grandsons, also two sisters.

The funeral services will be private.

**James Nash**  
After a long and lingering illness death has relieved James Nash of his earthly suffering. The end came at half after five o'clock this morning at the home of the deceased, 214 Gold St. Mr. Nash was unmarried and had long been ill with consumption. A notice of the funeral will be given later.

**Funeral of Mrs. G. W. Tracy**  
All that was mortal of Mrs. G. W. Tracy arrived in this city this morning at 8:45 o'clock. The remains were accompanied by the bereaved husband and his daughter, Mrs. H. V. Allen. They were taken to the home of Mr. and Mrs. Allen, 10 Milton avenue where services were conducted by Rev. J. A. M. Ritchey, the pastor of Trinity church. Interment was in Oak Hill cemetery.

## EDDIE EASTMAN KILLED BY TRAIN

SON OF MRS. LAWRENCE MEETS A TRAGIC DEATH.

Master Eastman Was Accompanying His Grandparents to Their Home in Lake Mills—Accident Occurred at Fort Atkinson Railway Crossing—Grandmother Badly Injured.

While on his way to visit his grandparents, Eddie Eastman, the nine-year-old son of Mrs. Lawrence Nelson, who resides at 102 Glen street, this city, was killed by the cars near Fort Atkinson yesterday afternoon. His grandmother, Mrs. Frank Vollin, of Lake Mills, was badly injured and it is feared that her death will follow within a few hours.

Mr. and Mrs. Vollin had been visiting their daughter, Mrs. Nelson in this city and Tuesday they started to drive overland to their home in Lake Mills. They took their grandparents with them, intending to visit friends and relatives through the country on their way home.

Wednesday night they visited with relatives near Fort Atkinson and yesterday afternoon they expected to stop for a visit with Fort Atkinson friends. They were on the way when the tragedy occurred. Nearing a railway crossing, Mr. Vollin stopped to see if a train was coming. After waiting several minutes and not hearing anything, he drove on and just as the carriage was on the track it was struck by a train. Both Mr. and Mrs. Vollin and their grandson were in the carriage and all were injured.

Mrs. Nelson, mother of the fatally injured boy was sent for and she went to his bedside last evening. The little fellow's sufferings came to an end this morning at four o'clock.

Master Eastman was a bright and lovable boy and his tragic death is not only a crushing blow to his devoted mother and fond step-father, Lawrence Nelson, but to a large number of people who knew and loved him. The interment will probably be at Lake Mills.

## HOT TIME FOLLOWS THE JOINT PICNIC

Receipts of United Workmen and Laurel Lodge Picnic Guarnished—Sold Beer Without License.

It isn't one continual round of pleasure to hold a picnic—that is the conclusion that some of the members of Olive Branch Lodge No. 36, Ancient Order of United Workmen, have reached and all since yesterday.

Yesterday afternoon Olive Branch Lodge No. 36 and Laurel Lodge No. 2, Degree of Honor, gave a joint picnic at Crystal Springs park. P. S. Fenton was employed as ticket seller by the lodge and performed his duties at the dock of the steamer Columbia at the east end of Fourth Avenue bridge. The picnic went off all right but last evening Mr. Fenton was garnished on a judgment obtained in Justice Earl's court against Paul E. Gehrke and in favor of the Omaha Packing company of Omaha amounting to \$23.63 for a piece of land purchased by Paul Gehrke. E. H. Ryan was attorney for the plaintiff.

This morning Mr. Fenton was again garnished by a circuit court judgment against Mr. Gehrke and in favor of J. C. Mosher for \$151 for labor performed by him while in Gehrke's employ. J. J. Cunningham appeared for the plaintiff.

B. L. Dunwiddie, of this city, master workman of Olive Branch lodge was also garnished on behalf of the lodge.

Mr. Fenton had in his possession \$84 as the result of the sale of tickets to the picnic. The lodge had a written agreement with Mr. Gehrke to have the use of the boat and all privileges of the grounds for the sum of \$50. But that was not all. While Mr. Gehrke has a government license to sell beer at the park, no society renting the grounds and all the privileges has the right to sell under it. They must take out a license of their own. Unfortunately United States Revenue Collector T. H. Ling happened to be in town yesterday and he kept his eyes open. He found the law being violated and a settlement was made between him and the order today at the Grand hotel and \$20 changed hands. And all of this shows that all is not clear sailing even at picnics.

**AN OPEN SUBJECT**  
Without a doubt the greatest thing in hose that we have had for sometime and something that is decidedly scarce, is a fine black lisle finished lace striped or open work hose for 25 cents. We have just opened 45 dozen of these fast black fancy hose and predict a lively sale. Three styles, all good. J. M. BOSTWICK & SONS.

## A GOLF TOURNEY HELD AT MADISON

SIXTEEN PLAYERS ENTER—PROF. PYRE ONLY SCRATCH.

Phil King, the Football Coach, is a Favorite—Next Tuesday the Ladies of the Country Club Will Begin a Tournament—Plans Are Being Made for Another Tournament To Be Held Next Fall.

Madison, Wis., July 19.—[Special]—The first golf tournament of the Country club will close tomorrow on its links near Maple Bluff. Phil King, the football coach, will be in at the finish, and will have either Fred Drake or Fred Vogel as his contestant for the prize, a dozen golf balls. Drake and Vogel play off a semi-final today to determine who shall stay for the final. Louis M. Hobbins was one of the four players who stayed in the contest through two preliminaries, but he threw away his chance for the prize when he left last evening with a party for an outing in Oconto county.

The tournament began Tuesday, with sixteen players. It is a handicap contest, in which Prof. J. E. A. Pyre is the only "scratch man." He made the low score, 94 for the eighteen holes, or two rounds, but his handicap threw him out of the race, as did also that of Marcus Ford, who scored 99. The other six who stayed for the first preliminary were Louis M. Hobbins, 102; A. G. Schmedemann, 103; Phil King, 104; Fred Vogel, 104; Mr. Ireland, 105; and Fred Drake, 107. The handicaps cut out three of the best scores, and those left in were King, Hobbins, Vogel and Drake.

Next Tuesday the ladies of the club will begin a tournament. Plans are also being made for a fall tournament, for which two handsome cups have been offered by W. J. Gamm and F. A. Averbek.

## GEN. BUTTERFIELD'S FUNERAL.

Will Be Made Notable by Presence of G. A. R. Officials.

Poughkeepsie, N. Y., July 19.—The funeral of General Daniel Butterfield, who is dead at his home, Craggside, in Cold Spring, will be held Saturday. Many Grand Army notables will be present. He had been in poor health for a year or more, and had been in a condition of semi-paralysis for some time. He left a widow but no children.

Daniel Butterfield, soldier, was born at Utica, N. Y., Oct. 31, 1831, was graduated from Union college in 1849, and afterward for a time went into the service of the Mohawk division of the New York Central railroad, and subsequently became the general superin-

tendent of the Eastern division of the American Express company. He served through the peninsular campaign, was wounded at Gaines' Mill, and covered the retreat to and from Harrison's Landing. He took part in all the battles of August and September, 1862, and was promoted to major general of volunteers on Nov. 29, and colonel of the Fifth United States Infantry on July 1, 1863. He was breveted brigadier general and major general in the regular army for gallant and meritorious service. He commanded the Fifth Corps at Fredericksburg, Va., and was the chief of staff of the Army of the Potomac, in the Chancellorsville and Gettysburg campaigns, and was wounded at Gettysburg, Pa. In 1863 he was transferred to the Army of the Cumberland and was chief of staff of the Eleventh and Twelfth Corps under Hooker at Lookout Mountain, Tenn., Missionary Ridge and several subsequent actions. He commanded a division of the Twentieth Corps in Georgia. Resigning from the army, he became assistant United States treasurer in New York, and afterward organized and built a railway in Central America.

## ICE FLOES HINDER STEAMER.

The Portland Has Difficult Time Reaching St. Michael.

Seattle, Wash., July 19.—The steamship Portland arrived in port at 1:30 bringing news of awful ice fields and a great congestion of people at St. Michael, which was relieved by her arrival at the mouth of the Yukon, followed by other craft. The Portland took two weeks, June 20 to July 4, to reach St. Michael from Nome. She plowed through vast ice floes, and on June 24 was within eight miles of St. Michael only to put out to sea again.

Reports from St. Michael were to the effect that 1,500 Yukon men and women were detained at that port for three weeks waiting for the first steamer. So scarce did provisions become that they were living for a long time on one meal a day. There is a great rush down the Yukon from as far up as Dawson for Nome and a big ferry business will be done during the summer between these ports. The Portland took 400 passengers from St. Michael to Nome. The river steamer City of Paris was carried out from the mouth of the Yukon by the ice floe and was lost for a time in Bering sea. The steamships Portland and Dora went out after her, but she finally managed to put back under her own steam, making port June 28.

## Three Negroes Executed.

Nashville, Tenn., July 19.—The first triple execution ever held in this county has taken place here. Three negro murderers were suspended from the same scaffold in the jail yard. The condemned men were Babe Battis, Duser Thompson and Abe Petway. The trap was sprung at 10:15 a. m., and the men were pronounced dead within fifteen minutes. The crime for which Petway paid the penalty was the murder of an old white man named Wrenne on the night of May 31, 1900. Battis and Thompson were hanged for the murder of Cain Miller, a negro "spotter" for the police.

## Buys Havana Drydock.

Washington, July 19.—The Navy Department has purchased the big floating steel drydock, which lies in Havana harbor, from the government of Spain for \$185,000. The negotiations for the purchase of the dock were closed by Commander Lucien Young, captain of the port at Havana. The original price at which the dock was offered by the Spanish government was \$250,000. It is stated by the chief naval constructor that the dock has been in constant use.

## Landscape Artist Is Slain.

New York, July 19.—Gottlieb Faher, a landscape artist, was shot and killed in front of his home at One Hundred and Sixty-first street and Broadway by Thomas McGurk, 54 years old, a watchman employed by the contractor who is cutting the Washington Heights' section of the rapid transit tunnel. Mr. Faher was 61 years old.

## SAYS HE IS TO DIE JULY 27.

Aged John McClusky Announces Receipt of "Conscience" Message.

Chicago, July 19.—July 27 is awaited with dread and anxiety in the family of John McClusky, for that is the day the man, who is 74 years old, has set for the angel of death to visit him. Mr. McClusky lives with a daughter, Mrs. Thomas J. Dillon, 97 Best avenue. For years he was the proprietor of the Chicago Stencil works at Clark and South Water streets, but he was forced to retire recently on account of an accident. Mr. McClusky spent Jan. 6 with a daughter at Harvey, and on that day he says he received a message from his "inner conscience." It told him that he would die July 27. Since then he has busied himself writing a history of his life and of the spiritual manifestations that his "inner conscience" made known to him. His relatives scoffed and laughed at his talk of death. Finally belief entered in place of the scoffing. Mr. McClusky has related his story to Sergeant Brown at the town hall police station, and President Harper of the University of Chicago and George Davis, 2 Clark street, a friend of McClusky's, are said to have copies of the manuscript. McClusky has prepared. He was born in Ireland and was connected with the Fenian raids.

## Kills Mother by Accident.

Dexter, Mo., July 19.—Charles Dabb, 17 years old, accidentally shot and killed his mother while she was picking berries. Dabb was hunting turkeys, and, discovering a motion in the bushes, he fired. A moment later the young man's mother staggered forward and fell dead in her son's arms.

## Big Building Collapses.

SUNNY WOMEN.

Who has not known the woman whose disposition is described by that one word "sunny"? There's always a laugh lurking on her lips. Her cheeks are ever ready to dimple in smiles. Her household influence is as brightening and stimulating as the sunshine. Nothing can be crueler than to have this sunshine blotted out by disease. But this is a common cruelty. The young wife who was the sunshine of the home becomes its shadow. Every young wife should know the value of Dr. Pierce's Favorite Prescription in the protection and preservation of the health. It promotes regularity, dries the drains which enfeeble body and mind, and cures inflammation, ulceration and female weakness. It nourishes the nervous system and gives to the body the balance and buoyancy of perfect health. It is a strictly temperance medicine.

"I can say that your medicine cured me," writes Mrs. Maud Pearce, of Stoutsville, Fairfield Co., Ohio. "I had suffered about twelve years from female weakness and I had almost given up, thinking there was no cure for me. Then I heard about Dr. Pierce's medicine and thought I would try it, and can say that seven bottles of your 'Favorite Prescription' made me well. I am now able to do my own housework. I took about twelve bottles in all of Dr. Pierce's medicines. Took some of the 'Golden Medical Discovery,' 'Favorite Prescription' and some of the 'Pleasant Pellets.'"

## WORLD'S FAIR PROJECT.

Bishop Potter on the Hall of Philanthropy.

The following letter from Bishop Potter to Dr. Holland is a high endorsement of Miss Perry's project of a hall of philanthropy for the World's Fair, says the St. Louis Globe-Democrat. As the head of the vast and richly endowed charities which his church conducts in the metropolis of the nation, Bishop Potter speaks with rare and intimate knowledge of the worth of organized beneficence and the educative influence of a proper exhibit of its achievements and methods. There is scarcely a mode of help for suffering man that is not immediately under his episcopal eye and hand. Not content with second-hand acquaintance or cursory observation, he went two summers ago into a settlement house and lived there to watch and direct its workings. It was he who last year rallied the conscience of New York to the crimes of its own police, and proved himself the mightiest champion its poor have yet found against municipal outrages. Miss Perry could not desire a better second to her motion, nor the women of the Wednesday Club a better ally. Let the hall of philanthropy be built. Following is Bishop Potter's letter: "Dioecesan House, Lafayette Place, New York, May 18, 1901.—My Dear Dr. Holland: The suggestion of your admirable sermon that there should be a 'Hall of Philanthropy' in connection with your World's Fair is of exceptional value and timeliness. In no department of our modern life has our progress been more inspiring than in this connection, and the educative value of a hall in which could be assembled all that illustrates the best instrumentalities, agencies and mechanisms for the humane service of man would make such a hall a university of beneficence. May this happy suggestion be crowned with success. Yours ever, Henry C. Potter."

## A Stunning Wrap.

One of the most stunning things in wraps that have been seen is of white cloth, heavy and long. It encircles the figure and has one end, which is thrown over the shoulder. Being heavy, the wrap hangs beautifully, but the most attractive part of the garment, or the noticeable feature, which makes it attractive, is a sort of Indian decoration on the inside; it suggests immediately Indian work. There is a band of pale blue on the edge encircling the wrap and also of cloth; combined with this is a line of bright yellow and one of black. In the corners of the wrap the cloth in the colors is carried into sharp points or rays.

## Long Leaps of a Fly.

A member of the London Zoological society during a visit to the Malay peninsula discovered a curious insect called the lantern fly, which makes great leaps without the aid of its wings. It was some time before he could find out where its leaping power lies, but he at last discovered a curious projection on the front of its head, like a nose, and this it bends back under the abdomen and then releases it suddenly, the effect being like that of a springboard.

## Use for Worn-Out Dimes.

"The telephone slot machines are doing an enormous work in the matter of taking worn-out dimes out of circulation," explained a treasury official. "There is nothing to prevent worn-out, mutilated and almost smooth dimes from being put into the slots, and as a result many persons keep the worn-out dimes for that purpose. Many druggists and others who keep public telephones make no objection to taking mutilated dimes any more for the reason that they keep a supply on hand to do a telephone business with. When they see that a telephone user is going to put a new dime in the slot they simply take it in and hand a worn-out dime in exchange."—Washington Star.

## Shaffer Visits Wellsville.

Wellsville, O., July 19.—A public meeting was held at the city hall, at which President Shaffer was the principal speaker. About 2,000 workmen were present from East Liverpool, Wheeling, Steubenville and other river points. Vice President Chapelle read a resolution adopted by the Trade and Labor Council of East Liverpool, heartily endorsing the course of the Amalgamated and tendering moral and financial support.

## Fight Among Firemen.

Pittsburg, Pa., July 19.—It is reported here that a fight occurred at the Maltby mines, five miles west of this city, between union and nonunion firemen. The trouble is said to have been caused by the attempt of a number of Hungarians to prevent the non-union men from entering the fireroom. Four of the nonunion men are reported to have been shot and slightly wounded. A detective employed by the company, it is said, was stoned by the strikers.

## Five-Cent Strike Is Off.

Chicago, July 19.—The 5-cent strike on the National Life Insurance building on La Salle street has been settled. A crowd of penitent hod-carriers and laborers filed up to the foreman and the leader asked: "Kin the boys go back?" "Just as soon as they want to," said the foreman, and back they went.

## Tragedy Caused by Heat.

Glenwood, Iowa, July 19.—Coroner Whitnall impaneled a jury to investigate the deaths of Mr. and Mrs. Fred Fuhrhelm and their child, which has found that Fuhrhelm, driven insane by heat and jealousy and quarrels with his wife's relatives, decapitated his wife and her son by a former husband, with an ax, cut the throats of his four horses with razors, burned his residence and barn, then shot himself, after hanging his marriage certificate on the fence.

**It's Your Kidneys!  
It's Your Liver!**

It is only natural that in old age some of the functions should become torpid. The liver and kidneys fail the quickest. Bad blood—not properly purified by the liver—deposits refuse where an obstacle is offered, and you have rheumatism. Impure blood acts on the kidneys and you have those pains in the back. Dyspepsia follows in its turn. You go from bad to worse. Take Dr. Crane's

**Quaker Tonic Tablets**

It's cheap life insurance. Quaker Tonic gets at the kidneys and liver, steadily aiding them in their work. A vigorous liver brings back your health—who ever saw a man with a good liver troubled with rheumatism? If your liver is right you are right. Quaker Tonic Tablets—At all druggists. If not, write PENN DRUG CO., Oshkosh, Wis. 50 cents a box. \$2.50 for 6 boxes.

**THE KAZOO**

**What Is It?**

It is the latest and most complete device in boy suspenders and hose supporters combined that has ever been brought to the attention of mothers who desire to avoid the annoyance of their boys' hose coming unfastened or hose supporter giving out continually.

It is made of the very best and strongest material, using rubber cord of 72 strands, which outwears any elastic web that can be produced. Also we use the Cyclone grip for the hose, which avoids any possibility of their coming unfastened or of cutting the hose. It is made adjustable, so you may hold the hose perfectly smooth. The suspender part buttons as does other suspenders, with same 72 strand rubber strand cord for ends which does not lose the elasticity as does the common web suspender, thereby avoiding the annoyance of having the buttons pull off because of the stretch being out of the suspender, as this end holds its elasticity till worn out.

The prices on the Kazoo is only 50 cents and 75 cents, and the fact that they will outwear any other suspender or supporter by great odds, makes them the most economical article ever offered in this line. They are made in sizes from 4 to 14.

Do not economize by allowing your boy to wear common elastic around the limb, as you endanger the health by stopping the circulation and increase the doctor bill.
